## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/SWSA226/48.

---

### Fairchild (Swearingen) SA226 and SA227 Series Aeroplanes

**AD/SWSA226/48**

**Swivel Reading  
Lights - Inspection/Modification**

**6/2009**

Requirement: CANCELLED.

This AD is cancelled on 4 June 2009.

Background: This unique Australian AD raised in 1984 against Fairchild Aircraft Corporation Service Bulletin (SB) 33-003 revised 5th October 1983 required an inspection and modification to prevent a potential short circuit between the overhead air hoses and the electrical terminals of the reading lights.

Compliance was: Prior to 31 December 1984.

This AD has been sufficiently promulgated for the affected aircraft to have been inspected and modified by now; therefore this AD is no longer required.

James Coyne  
Delegate of the Civil Aviation Safety Authority

24 April 2009
