
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/TB20/29.

Aerospatiale (Socata) TB20 (Trinidad) Series Aeroplanes

AD/TB20/29

Airworthiness Limitations

8/2009

Requirement: CANCELLED.

This AD is cancelled on 30 July 2009.

Background: This unique Australian AD specified retirement of the wing structure in accordance with TB Aircraft Service Letter No. 14, Part F-3. SL No. 14 has now been cancelled and retirement lives are published in the airworthiness limitations section of the TB20 maintenance manual. The AD duplicated the effect of Civil Aviation Orders, Section 100.5, sub-section 9, and is no longer required.

David Villiers
Delegate of the Civil Aviation Safety Authority

18 June 2009
