
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/TSA-600/6.

Aerostar (Piper/Ted Smith) 600 and 700 Series Aeroplanes

AD/TSA-600/6 Aileron Outboard Hinge Bolt - Inspection 6/2009

Requirement: CANCELLED.

This AD is cancelled on 4 June 2009.

Background: This unique Australian AD specified periodic inspection of the aileron outboard hinge bolt in accordance with Ted Smith Corporation SB No. 600-56. Compliance with Part I was required at intervals not exceeding 100 hours time in service, and with Part II at each daily inspection. The absence of service difficulty reports associated with these inspections indicates that mandating them is no longer warranted.

David Villiers
Delegate of the Civil Aviation Safety Authority

17 April 2009
