

Beechcraft 200 (Super King Air) Series Aeroplanes

AIRWORTHINESS DIRECTIVE

For the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/BEECH 200/22 Amdt 1.

AD/BEECH 200/22 Cabin Door Latch Hooks and Lock Pins 12/2000
Amdt 1

Requirement: CANCELLED.

Background: The original of this Airworthiness Directive was issued by Telex and required a once-only inspection in accordance with Beechcraft SI No. 0914 to verify proper adjustment and positive engagement of the hooks and pins, within 25 hours time in service after 15 September 1977; the serial number applicability was extended by Amendment 1 on 28 February 1978. During a review of airframe ADs for the Beech heavy twin engine models, it was determined that this requirement could be cancelled because with the passage of time all affected aircraft will by now have been inspected.

David Alan Villiers
Delegate of the Civil Aviation Safety Authority
