
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/BEECH 200/19.

Beechcraft 200 (Super King Air) Series Aeroplanes

AD/BEECH 200/19

Main Landing Gear Torque Tubes

4/2008

Requirement: CANCELLED.

This AD is cancelled on 10 April 2008.

Background: This AD was raised in 1977 against manufacturer's mandatory Service Instruction (SI) 0891. This SI required inspection of the main gear torque tubes for possible scoring caused by contact with the bond jumper clamp on the auxiliary to nacelle fuel lines. As this was a one time inspection to be completed within 100 hours TIS after 31 July 1977, the AD is no longer required.

David Villiers
Delegate of the Civil Aviation Safety Authority

26 February 2008
