

Beechcraft 200 (Super King Air) Series Aeroplanes

---

**AD/BEECH 200/47**  
**Amdt 1**

**Rudder Pedal Arms**

**4/95**

CANCELLED.

Background: A review of the Requirement indicated that the defects experienced to date have been associated with a rudder lock that is inserted into the rudder pedals.

No defects have been reported for the Beech 200 which uses a different type of lock. The AD is therefore cancelled for the Model 200.
