
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/BEECH 200/11.

Beechcraft 200 (Super King Air) Series Aeroplanes

AD/BEECH 200/11

DC Power Panel Harness

4/2008

Requirement: CANCELLED.

This AD is cancelled on 10 April 2008.

Background: This AD was raised against manufacturers mandatory Service Instruction 0849-352 which required a one-off inspection (within 25 hours TIS) to ensure proper routing and security of the DC power panel harness in the vicinity of the rudder control cables. As this AD was raised in 1976, the requirement was a one-off inspection and this AD was not subject to an FAA AD, this AD is considered obsolete.

David Punshon
Delegate of the Civil Aviation Safety Authority

11 February 2008
