## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/BEECH 200/16.

---

### **Beechcraft 200 (Super King Air) Series Aeroplanes**

**AD/BEECH 200/16**

**Rudder Control System**

**4/2008**

Requirement: CANCELLED.

This AD is cancelled on 10 April 2008.

Background: This AD was raised against manufacturer's mandatory Service Instruction 0906 which required a modification to the rudder boost system by replacing the rudder boost cables. This action was required no later than at the next 100 hours TIS after 30 June 1977. As the requirement was a one-off action in 1977, this AD is no longer required.

David Villiers  
Delegate of the Civil Aviation Safety Authority

26 February 2008
