

Beechcraft 200 (Super King Air) Series Aeroplanes

AIRWORTHINESS DIRECTIVE

For the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/BEECH 200/9.

AD/BEECH 200/9

Cabin Door Instruction Plate

12/2000

Requirement: CANCELLED.

Background: This Airworthiness Directive required installation of a door security placard in certain early model aircraft in accordance with Beechcraft SI No. 0818-016, within 100 hours time in service after 30 July 1976. During a review of airframe ADs for the Beech heavy twin engine models, it was determined that this requirement could be cancelled because there are only two affected aircraft on the Australian Register, those aircraft will by now have been modified.

David Alan Villiers
Delegate of the Civil Aviation Safety Authority
