## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/BEECH 200/24.

---

### **Beechcraft 200 (Super King Air) Series Aeroplanes**

**AD/BEECH 200/24**

**Fuselage Clip Installation**

**4/2008**

Requirement: CANCELLED.

This AD is cancelled on 10 April 2008.

Background: This AD was raised against manufacturer's mandatory Service Instruction (SI) 0946. This SI required a visual inspect for installation of clips that attach the vertical stabiliser attach bulkhead to intercostals and the adjacent bulkhead. As this AD required a one time action within 100 hours TIS after 28 February 1978, all aircraft will have been modified long ago. Hence, this AD is no longer required.

David Villiers  
Delegate of the Civil Aviation Safety Authority

26 February 2008
