
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/BEECH 23/13.

Beechcraft 19, 23 and 24 Series Aeroplanes

AD/BEECH 23/13

**Main and Nose Landing
Gear Shock Absorber**

9/2009

Requirement: CANCELLED.

This AD is cancelled on 27 August 2009.

Background: This unique Australian AD specified periodic inspection for wear of shock absorber rods. Inspection was required at intervals not exceeding 500 hours time in service. The inspection was based on maintenance experience in Australia. Continued use of an AD to mandate this periodic inspection is no longer justified.

David Villiers
Delegate of the Civil Aviation Safety Authority

15 July 2009
