## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/BEECH 23/43.

---

### **Beechcraft 19, 23 and 24 Series Aeroplanes**

**AD/BEECH 23/43**

**Trailing Edge Flaps**

**9/2009**

Requirement: CANCELLED.

This AD is cancelled on 27 August 2009.

Background: This unique Australian AD specified periodic inspection for corrosion of the internal structure of the wing flap at the flap hinge arm attachment. Inspection was required at intervals not exceeding 3 years. The inspection was based on maintenance experience in Australia. Continued use of an AD to mandate this periodic inspection is no longer justified.

David Villiers  
Delegate of the Civil Aviation Safety Authority

15 July 2009
