
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/BEECH 23/25.

Beechcraft 19, 23 and 24 Series Aeroplanes

AD/BEECH 23/25

Main Landing Gear Supports

4/2008

Requirement: CANCELLED.

This AD is cancelled on 10 April 2008.

Background: This AD, issued in 1974, required inspection for security of the main landing gear forward and aft support castings due possible loose Jo-bolts. As all aircraft would have complied with this AD by now, this AD is no longer required.
