
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/BEECH 33/28.

Beechcraft 33 and 35-33 (Debonair/Bonanza) Series Aeroplanes

AD/BEECH 33/28

Elevator Control Push Rods

4/2008

Requirement: CANCELLED.

This AD is cancelled on 10 April 2008.

Background: This AD, issued in 1980, required a one-off inspection with possible need of anti-corrosion treatment of elevator push rods in accordance with Beechcraft Service Instruction (SI) 1019 within 100 hours TIS after 31 May 1980. As all affected aircraft would have complied with this AD long ago, the AD is no longer required.
