
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/BEECH 95/6.

Beechcraft 95 (Travelair) Series Aeroplanes

AD/BEECH 95/6

Starter Vibrator Wiring

8/2008

Requirement: CANCELLED.

This AD is cancelled on 31 July 2008.

Background: This unique Australian AD, raised in 1968 against Beechcraft Service Instruction (SI) No.0046-354, required the provision of a circuit protection device for the start switch, starter control and vibrator components.

Compliance was within 100 hours TIS from 5 September 1968.

As all affected aircraft would have been modified by now, this AD is considered to be no longer required.

James Coyne
Delegate of the Civil Aviation Safety Authority

12 June 2008
