

Rolls Royce Turbine Engines - Dart Series

AD/DART/24

Fuel Servo Pipe

6/93

- Applicability: Dart 506, 510, 511, 514, 515, 520, 525, 526, 527, 528, 529, 530, 532, 533, 534, 535, 536, 542, 543, 550, 552 series engines.
- Requirement: Inspect the fuel servo pipe in accordance with the requirements of Rolls Royce Alert Service Bulletin Da73-A86.
- Compliance: Prior to 30 June 1993.
- Background: This Directive requires a once only inspection of the fuel servo pipe. The requirement follows three reports of fuel leakage from the servo pipe between the fuel pump and the fuel control unit.
