
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/DHC-6/6.

DHC-6 (Twin Otter) Series Aeroplanes

AD/DHC-6/6 Tailplane Attachment Bolts - Modification 12/2008

Requirement: CANCELLED.

This AD is cancelled on 20 November 2008.

Background: This AD was raised in 1967 against De Havilland Canada Modification Bulletin (MB) No. 6/1114, requiring a modification to permit a visual check of the horizontal stabiliser to fuselage attachment bolts to ensure the bolts are in safety. Compliance was required before 1 January 1968.

As all affected aircraft would have been modified by now, this AD is no longer required.

David Villiers
Delegate of the Civil Aviation Safety Authority

9 October 2008
