
AIRWORTHINESS DIRECTIVE

On the commencement date specified below, and for the reasons set out in the background section, this airworthiness directive (AD) is repealed by CASA ADCX 017/17.

Fire Protection Equipment

AD/FPE/12	Fire Extinguisher Bottle Cartridges	23/2012
------------------	--	----------------

Requirement: CANCELLED.

This AD is cancelled on 17 November 2017.

Background: AD/FPE 12 required a one time visual inspection of Pacific Scientific Company, HTL/Kin-Tech Division, fire extinguisher bottle cartridges (squibs), Part Numbers 13083-10 and 13083-25 for the presence aluminium foil in the area of the pins of the cartridge or its mating connector. Compliance was required before 11 April 1997.

Any applicable part numbers have expired in their service life since the issue of AD/FPE/12, and should therefore have been replaced rendering the AD requirement redundant.
