

AlliedSignal (Garrett/AiResearch) Turbine Engines - TFE731 Series

AD/TFE731/23

Fuel Line Clamp

3/99

Requirement: CANCELLED. Effective 25 March 1999.

Background: The requirements of this directive have been cancelled. The cancellation reflects reports of cracks being found in fuel lines clamped in accordance with the requirements of this directive. To further address cracking found in fuel lines, the manufacturer has released Alert Service Bulletin TFE731-A73-3128 and TFE731-A73-3132 to require rigid fuel lines to be replaced by flexible fuel lines, FAA AD 98-17-01 refers.
