
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/CESSNA 310/46.

Cessna 310 Series Aeroplanes

AD/CESSNA 310/46

**Engine Mount - Inspection and
Replacement**

6/2008

Requirement: CANCELLED.

This AD is cancelled on 5 June 2008.

Background: This unique Australian AD, issued in 1977, required replacement of the engine mounts in accordance with Cessna Service Letter ME77-4 because of premature deterioration of the existing engine mounts. The compliance time of this AD was within 25 hours time in service after 30 March 1977. As all affected aircraft would have been modified long ago, the AD is no longer required.
